

Reflecting on our 14th Annual Meeting

We would like to thank all members who attended the 14th Annual Meeting In Casablanca, Morocco.

A special thank you to We Logistics for your excellent hosting!

Please see the Members Area of the GLF website for the full meeting summary.

2026 Annual Meeting

We have decided to make it a longer gap between this year's AGM and next years, that way all members can save the date and attend, achieving a much higher attendance. The dates will be at 8-11 November 2026, and we are provisionally looking at returning to Bangkok, to the lovely hotel Anantara, which we all loved.

More information will follow soon.

GLF Network Membership Future Rebranding

As mentioned in the meeting, we are proposing a new membership structure aimed at strengthening our network and better addressing the evolving needs of the industry. The introduction of a Project Forwarding Division.

Representation: 2 members per country. 1 General Forwarder. 1 Project forwarder.

How will it work? In the members area we will have 2 separate directories:

- **1 General forwarder** - Exclusive to territory or country
- **1 Project Forwarder** - Exclusive to territory or country

Why are we considering making this change? There are now numerous general networks available, and in response to the growing demands of the industry, a shift in direction offering a Niche membership option needs consideration.

Annual Conferences? We've noticed a decline in attendance at recent conferences. By introducing this new structure, we believe it will lead to greater participation.

Membership Guidelines:

These guidelines will be strictly enforced through a revised **GLF Charter** and **Code of Conduct** to maintain clarity and prevent any conflicts of interest

We will provide updates in due course.
